SUMMARY

AWS Certified Programmer Analyst specializing in Full Stack Development (Java, React, Node.js) and Cloud solutions (AWS, GCP). Expert in building high-performance applications with integrated AI models in Agile environments.

EXPERIENCE

Cognizant

Programmer Analyst

Sep 2024 - Current

Bengaluru, India

- Built scalable microservices and web apps using **React.js** and **Java**, reducing API latency by **20%** through optimized data handling.
- Integrated **AWS S3** for secure cloud storage and managed **Agile** deployments via Git, ensuring **100%** adherence to release timelines.
- Collaborated with cross-functional teams to analyze requirements and troubleshoot critical defects, ensuring high code quality and system stability.

Enstitute

Software Development Engineer

Mar 2024 - April 2024

Remote

- Engineered responsive interfaces using **Next.js**, **TypeScript**, and **TailwindCSS**, improving load speeds by **30%** and cutting dev time by **25%** via reusable **MUI** components.

PROJECTS

Basketball Virtual Referee - Developed an AI-Powered Basketball Violation Detection System: Implemented image annotation for basketball detection and pose estimation. Focused on training and fine-tuning models to detect double dribble and travel violations using advanced deep learning techniques.

Technologies used: Python, OpenCV, YOLOv8, PyTorch, Numpy, CVAT, LabelImg ([Try it here](#))

Natures Basket - Organic Vegetables Mart - Full-stack web application for buying and selling organic vegetables. Includes customer shopping, farmer product submissions (with admin approval), and admin management dashboard.

Technologies used: React.js, Node.js, Express.js, MongoDB, JWT, Braintree, CSS, HTML. ([Try it here](#))

ThoughtCloud - A modern, minimal, and intuitive notes app to capture ideas, tasks, and thoughts with ease. Built with TypeScript and modern web technologies.

Technologies used: React (TypeScript), Material-UI, React Router, React Quill, Context API, Node.js, Express.js, MongoDB (Mongoose), JWT, bcryptjs, CORS, HTML, CSS. ([Try it here](#))

SKILLS & CERTIFICATIONS

Programming Languages

Java, SQL, UI/UX, HTML5, CSS3, JavaScript, Typescript.

Tech Stack

ReactJs, NextJs, NodeJs, ExpressJs, MongoDB, Google Cloud.

Tools

Git & Github, Visual Studio Code, Postman, Insomnia.

Certifications

[AWS Certified Cloud Practitioner](#),
[Architecting with Google Compute Engine \[5 courses\]](#)

EDUCATION

B.E. Computer Science & Engineering, Sant Gadge Baba Amravati University, Amravati

July 2024

CGPA: 9.49/10.

ACHIEVEMENTS

- Secured 10th Rank with 9.49 CGPA in University Examination.
- Co-ordinator in Young Scientist Event at college.
